# Foreword

Martrim Ltd has been trading since 1976, originally starting out as car trimmer before developing into a trade outlet for trimming materials and sundries.

As trimmers, we understand it can be hard to source all the materials you require for your trade. For this reason, we endeavour to fill this market niche as a one-stop shop for auto upholstery wholesale and car trimming supplies.

We stock many different colours of leather hides, vinyls, carpets, hooding materials, headlining fabrics, seating fabrics, threads, fasteners, ready made factory hoods and many other products, ready for dispatch when required.

- Please call us to discuss any clearance stock we have. Just ask for details.
- We aim to match leather, vinyl, carpet, piping and hidem banding colours.
- You are welcome to visit our premises in Sandbach, Cheshire.
